CENTRAL INTELLIGENCE AGENCY

Director, Office of Legislative Liaison 21 December 1984

NOTE TO: DDCI
DDS&T

- o John Elliff, SSCI Staff (Huddleston's designee) sent the attached to me, having been tweaked by The Washington Post article on the shuttle launch.
- o He called first, saying that "he had been encouraged by several people" to disagree with Ben Bradlee's contention that the article did not harm national security and, essentially, had been drawn from already available literature.
- o John was not seeking approval of the attached but implied that he would be interested in comments.
